Message from Alison and the team

Hello everyone, I hope you've had a good week and coped with some incredibly hot weather. I trust that you haven't been caught up with the crowds on the beaches which have been a worrying sight for us all who are busy socially distancing in school, trying to keep your children and staff safe! This week and next we have a range of virtual sports activities taking place to make up for the fact that we are missing Sports Days. Thank you for the photos some of you are already sending through and we look forward to more next week.

Plans for the end of term and for September are under discussion and we will share these with you as soon as we can. Over the next 2 weeks we are arranging virtual meetings for new pupils and their families as part of our transition programme.

The POD systems we have in place in our schools are working effectively and we have been able to increase the number of children accessing school a little, however our capacity is still not much greater than 30%. This is a frustration for us all and we are trying very hard to make up for it by further adapting our home learning. From next week there is an increase in face to face sessions for pupils at home using Zoom. Some of these are for individual pupils and some are for groups, classes or year groups. As every we wish you all well and we look forward to hearing from you.

ROUND UP OF THE WEEK

Happy
Birthday
Ava
