Policy Statement

The academies Trustees, Governing Body and Senior Leadership Team recognise and accept their responsibilities both under civil and criminal law. As responsible employers and/or persons in control of premises, the requirement to provide a safe and healthy working environment for all employees is acknowledged. The academies reasonably ensures where possible that risk assessments are undertaken, control measures implemented and systems are constantly monitored and reviewed. This policy is underpinned by our Mission Statement and the non-statutory guidance to be found on the DfE website (www.education.gov.uk) *Health and Safety advice on legal duties and powers for local authorities, Headteachers, staff and Governing Bodies*.

In compliance with the Health and Safety at Work Act, the Trustees of Solent Academies Trust will ensure so far as is reasonably practicable that:

- The premises, fixtures and fittings are maintained in a safe condition.
- Safe access to and egress from the premises is maintained.
- All plant and equipment is safe to use.
- Appropriate safe systems of work exist and are maintained.
- Sufficient information, instruction, training and supervision is available and provided.
- Arrangements exist for the safe use, handling and storage of articles and substances at work.
- A healthy working environment is maintained including adequate welfare facilities taking note of heat, light and space.
- Room Risk assessments are completed

In addition to the above commitment, the Trustees also recognise its obligations to non-employees. Where it is reasonably foreseeable that trainees, members of the public, contractors, etc, are or may be affected by the school activities being carried on within the school boundary or otherwise, the Trustees will ensure that the Senior Leadership Team will make the necessary information, instruction, training and supervision available to ensure the safety of those affected. As an education provider which must set standards by example for its pupils, this commitment is seen as especially important. Therefore Solent Academies Trust School aims to promote an ethos of collective responsibility for maintaining a healthy and safe environment for all employees and pupils.

- the Trustees will ensure through the Senior Leadership Teams have adequate resources that are set aside from the total budget allocation for the policy statement to be properly implemented.
- the Trustees are committed to this policy and all staff are required to comply as a condition of employment. They are encouraged to assist in the Trustees' commitment to the continuous improvement in our health and safety performance. For the policy to be effectively implemented the school must have the full co-operation of employees and others who use the premises including visitors to the school. Employees are reminded of their own duties:

- to take care of their own safety and that of others and;
 - to co-operate with the Trustees and Senior Leadership Teams so that they may carry out their own responsibilities successfully.
- All relevant Regulations, Codes of Practice and Standards will be complied with as necessary.
 - Consultation with employee representatives will be held as and when appropriate on all matters affecting the health and/or safety of employees concerned.

ORGANISATION AND PROCEDURES

In order to ensure that health and safety issues are dealt with in accordance with Solent Academies Trust

Academies safety policy, the following organisational structure has been approved by the Trustees. Duties and responsibilities have been assigned to Staff and Trustees as laid out below.

1. Trustees

Overall responsibility for the day to day management of health and safety in the academies have been devolved to the Heads of School but;

It is the responsibility of the Trustees, as the employers, to ensure, so far as is reasonably practicable:

- The health, safety and welfare of teachers and other education staff
- The health and safety of pupils in school and on off-site visits
- The health and safety of visitors to school and volunteers involved in any school activity

Matters requiring particular consideration by the Trustees will include:-

- ensuring that there is an adequate system in place for the undertaking of risk assessment in compliance with the requirements of the Management of Health and Safety at Work Regulations 1999;
- ensuring that there is a management system for monitoring the effectiveness of health and safety arrangements, which form part of this policy
- adequate staffing levels for safe supervision;
- the delegated responsibility for maintenance of the premises;
- the purchase of equipment to meet appropriate safety standards;
- the repair, maintenance and testing of school equipment;
- the provision of appropriate protective clothing where necessary;
- the purchase and maintenance of first aid materials and firefighting appliances;
- the funding of necessary safety training for staff;
- the arrangements for securing health and safety assistance from a competent source;
- the appointment of a premises manager;
- the provision of appropriate health and safety information;

- an emergency contingency plan is in place;
- accident reporting is adhered too;
- the school follows the Supporting pupils with medical needs policy;
- an EVO is appointed for the management of trips;
- an adequate schedule of inspection and maintenance is in place;
- an adequate needs analysis of H&S training is undertaken;
- the fire risk assessment is updated annually;
- the Deputy Head is suitably instructed to take on day to day responsibility in the absence of the Headmistress.

The Trustees may choose to delegate to other members of staff any or all of the duties associated with the above matters. It is clearly understood by everyone concerned that the delegation of certain duties will not relieve the Trustees from the overall responsibilities for health and safety within the establishment.

2. Board of Trustees

The Board of Trustees approve the H&S Policy of the academies and monitors its implementation alongside the Governors. The Governors will specifically:

- Nominate a Governor (H&S) as a link between the Governing Body and the Academies who will stay up to date with school H&S initiatives and inform the Board of Trustees accordingly;
- Ensure that H&S is an agenda item
- Facilitate any necessary review of the academies H&S policy and procedures as may become apparent via any meetings with the academy.

3. Heads of School

As Senior Managers for the premises, and of all on and off site school related activities, the Heads of School are responsible for the day to day management of H&S. The Heads of School will advise the Chief Finance & Operations Officer and Governors of any H&S issue where their support or intervention is necessary and appropriate to effect the requirements of this policy. In particular the Heads of School will ensure that:

- The contents of this policy are brought to the attention of all relevant persons;
- A process for risk assessment is applied within the academy and that:
 - All appropriate areas/activities are covered
 - Appropriate control measures are implemented and that
 - Assessment are monitored and reviewed as necessary
- There is a management system for monitoring the effectiveness of health and safety arrangements which form part of this policy
- Ensure that there are appointed first aiders within the academy.
- ensure that the correct procedure is followed for the reporting, recording, investigation and follow-up of accidents on the premises;
- ensure that staff induction takes place for all teaching staff

4. Chief Finance & Operations Officer

The Board of Trustees will delegate to the Chief Finance & Operations Office who has been appointed as the Health & Safety Co-ordinator, the majority of the duties that are linked with the overall responsibilities of the Board of Trustees. We also have a nominated "competent person" through PCC Traded Services for all guidance on Health and Safety. The Chief Finance & Operations Officer will advise Trustees of the areas of health and safety concern which may need to be addressed by the allocation of funds. More specifically the post holder will:-

- Ensure as is reasonably possible that risk assessments are undertaken throughout the establishments and that control measures are implemented, and that assessments are monitored and reviewed;
- periodically review this policy document, amend as necessary and circulate any changes to appropriate staff;
- formulate and review the arrangements for action to be taken in an emergency and ensure that all involved are informed of the arrangements;
- arrange for termly evacuation drills and weekly fire alarm tests etc.;
- arrange for the repair, replacement or removal of any item of furniture or equipment which has been identified as unsafe;
- ensure the Estates Manager arranges for the Health and Safety Steering Committees to meet regularly;
- ask the Estates Manager to report to the Trustees any situation which is unsafe or hazardous to health and which cannot be remedied from within the resources available;
- liaise with and monitor as far as is reasonably practicable, the activities of contractors (including catering, cleaning and grounds staff) visitors and others on the site to ensure that any risks to the health and safety of staff and others are kept to a minimum;
- ensure that all staff are kept informed of the names and details of those persons appointed to provide competent health and safety assistance;
- ensure that the fleet of minibuses are maintained appropriately and all staff undertake minibus evaluation tests.

5. Teachers in charge of departments

All Heads of Learning are responsible to the Heads of School for ensuring the application of this policy to all activities undertaken by their department. They will also have responsibilities for ensuring that all relevant parts of the policy are observed and implemented by all subordinate members of staff in their respective departments. In particular, staff holding such positions of responsibility will:

- ensure that risk assessments are undertaken within their sections and that control measures are implemented, and that assessments are monitored and reviewed;
- ensure that appropriate safe working rules and procedures exist within the department and that these are brought to the attention of everyone concerned;
- ensure that all accidents (including near misses) occurring within their department are promptly reported. There is an accident book in the academy offices and another in the kitchen for use by the catering staff;
- to report possible hazards;

- ensure that all accidents are investigated in conjunction with the Heads of School with a view to preventing a recurrence;
- ensure that all staff within the department are aware of their specific roles in case of fire and/or emergency;
- remove from use and inform the Estates Manager of any equipment/appliance which has been identified as being unsafe and which is in need of repair;
- ensure that adequate levels of class supervision are available at all times;
- consult with all staff on any matters which may affect their health or safety whilst at work;
- ensure that levels of first aid provision remain adequate for the activities being undertaken;
- resolve health and safety problems referred by members of staff within their department. Any problems that cannot be satisfactorily solved within the department must be referred to the Heads of School;
- ensure that all pupils are given the necessary health and safety information and instruction prior to commencing practical activities which may involve some risk;
- ensure that good standards of housekeeping are maintained.

1. Teaching Staff [Including supply]

Teaching staff receive appropriate training within the induction programme. Teaching staff are responsible for the health and safety of all pupils under their control whilst involved in organised work activities both on site e.g. classrooms, laboratories, workshops etc., and off site e.g. school trips.

Class teachers shall:

- arrive punctually for supervision and teaching;
- ensure effective supervision by only permitting practical work to be carried out by pupils after carrying out a risk assessment. The class size, the abilities of the pupils involved, the activities to be undertaken etc. will all need to be considered;
- be aware of the Academy health and safety policy and any local rules and arrangements which may apply specifically to the department concerned;
- ensure that safety instruction is given to all pupils prior to commencing practical sessions;
- know the location of the nearest fire-fighting equipment and first aid box, and know the emergency procedures in respect of fire/first aid/bomb scare etc.;
- ensure that pupils follow school/departmental safety rules and that protective equipment is worn where appropriate;
- ensure that all personal protective equipment is suitable and in good condition prior to issue;
- ensure safety devices e.g. machinery guards are in good condition and are used;
- report any defective equipment to the Premises Manager;
- investigate all accidents (in conjunction with Head of Learning or (Heads of School) which occur through activities organised/supervised by the Department;
- propose for consideration by their Head of Learning any improvements which they consider would improve health or safety standards within the department;
- ensure that an agreed adequate level of supervision is available and that appropriate health and safety arrangements exist prior to taking academy parties off site on educational visits.

7. Premises Manager

The Premises Manager is responsible to the Estates Manager. Duties include:

- arranging for the removal from service of any item of furniture, apparatus or equipment which has been identified as unsafe;
- taking appropriate action when necessary to prevent injury to others on the site who might otherwise be exposed to unnecessary dangers, e.g. erect barriers around opened manholes etc.;
- ensuring that other maintenance staff are adequately supervised;
- identifying any particular health and safety training needs of supervised staff in the group;
- ensuring that staff within the group are not involved in activities outside their limitations;
- ensuring that any personal protective equipment issued to staff is suitable for the task and that training is provided in the correct use of the equipment;
- ensuring that all staff work in accordance with safe working practices issued by the school;
- plant, equipment and hazardous materials should be correctly used in strict accordance with manufacturers' and suppliers' recommendations and instructions and in accordance with statutory regulations and requirements;
- plant, equipment and hazardous materials should be securely locked away when not in use.
- ensure that contractors are appropriately managed and monitored;
- emergency fire arrangements are tested accordingly
- ensure that adequate records are kept of all school annual inspections;
- ensure that maintenance reporting is adequate and dealt with in a timely manner.

8. All Employees [including temporary & volunteers]

All employees receive appropriate training within the induction programme. All employees have general health and safety responsibilities both under criminal and civil law. Staff must be aware that they are obliged to take care of their own safety and health whilst at work along with that of others who may be affected by their actions.

Employees must also co-operate with the Board of Trustees and senior leadership of the school so that they may fulfil any legal requirements placed on them as employers and/or persons in control of premises.

All employees are required:

- to attend an induction informing them of their responsibilities as staff members;
- to participate in the risk assessment process and comply with findings;
- to report all defects in the condition of the premises or equipment to which they become aware – there is a book for this purpose located in the school office;
- to report all accidents according to the procedures included in this document;

- be familiar with the procedure to be followed in the event of a fire or other serious emergency;
- to make use of all necessary personal protective equipment provided for safety or health reasons;
- to, where necessary, make use of all control measures made available to them, e.g. fume cupboards etc.;
- follow all relevant codes of safe working practice and local rules;
- report any unsafe working practices to the Head of School/Assistant Headteacher.

9. Pupils/students [This section should be drawn to attention of all pupils]

Good practice regarding Health and Safety is covered during form tutor time and in practical lessons such as Design Technology and Science. All pupils must be encouraged to follow all safe working practices and observe all school safety rules. All pupils will:

- follow all instructions issued by any member of staff in the case of an emergency;
- ensure that they do not intentionally or recklessly interfere with equipment provided for safety purposes e.g. fire extinguishers etc.;
- avoid creating situations which could cause an accident eg leaving bags in aisles, opening locker doors above other girls, wearing unsuitable shoes;
- ensure that they do not bring into school any items which could be considered dangerous to others;
- inform any member of staff of any situation which may affect their safety.

10. Staff Safety Representatives

Health and safety at work law provides for the appointment of trade union appointed safety representatives from amongst the employees. Where the Trustees are notified in writing of such an appointment, the safety representative shall have the following functions:

- to investigate potential hazards and to examine the causes of accidents in the workplace;
- to investigate complaints by any employee's he/she represents relating to that employee's health and safety or welfare at work;
- to make representations to the Trustees via the Headmistress on general matters affecting the health, safety and welfare of employees;
- to carry out workplace health, safety and welfare inspections;
- to attend any safety committee meetings;
- to co-operate with his/her employers in promoting health and safety at work.

None of the above functions given to a safety representative impose any legal duty or liability whatsoever on that person. A safety representative is in no way obliged to carry out any or all of the above functions.

Names of Trade Union appointed Safety Representatives

Currently Solent Academies Trust has no Trade Union appointed Safety Representatives

11. Health and Safety Committee

The academies have established a Health and Safety Committee which meets regularly. The main purpose of the Committee is to develop and implement measures to ensure the health and safety of all employees, pupils and others who may be affected by the Academy activities. Membership of the Committee comprises of:

- Heads of Schools
- Estates Manager
- Premises Manager of the School

Other staff may be consulted and include

- Physical Education Department
- Design & Technology Teacher
- Food & Nutrition Teacher
- Catering Manager

Health and Safety forms an agenda item at each of the meetings of the Governors.

Procedures for Health, Safety and Welfare

1. Accident Reporting, Recording & Investigation

Any accident is to be recorded in the academies accident books and should be brought to the attention of the Chief Finance & Operations Officer who will inform the LEA and the HSE (in accordance with RIDDOR 2013) where appropriate. The Trustees are responsible for any investigation thereafter.

2. Asbestos

Any contractors will be notified by the Estates Manager of any asbestos record before working on the premises. Contractors will be required to sign to state they have seen the asbestos register prior to the commencement of work. This record is kept in the Premises office. The asbestos register is updated when changes occur.

3. Animal Faeces

Animal faeces are sometimes found in the school grounds. These are to be cleaned away immediately by the adult dealing with the incident ensuring appropriate

protective garments are worn. The faeces should be safely disposed of. The area should then be cleaned to ensure there is no risk to the school community.

4. Bodily Fluids

These are to be cleaned immediately by the adult dealing with the incident. The immediate area should be cleared of people and the spillage kit sent for. We have three spillage kits; they are stored in the senior staffroom, the junior staffroom and the office. The instructions within the spillage kits should be followed to ensure the waste material is appropriately disposed of. The instructions include that appropriate protective garments should be worn including disposable gloves and apron. Faeces should be removed using disposable absorbent cloths. The area should then be cleaned following the instructions in the spillage pack.

5. Capital Works

Construction work undertaken at the property which is more than 30 days, or more than 500 person days, in duration requires the school to ensure that, under the Construction, Design and Management regulations 2007, they appoint a CDM co-ordinator to deal with Health and Safety. This also imposes other regulatory requirements.

6. Catering

Catering on site is managed by Caterlink or in-house (Littlegreen) who manage their own Health & Safety arrangements.

2. Contractors

All contractors sign in and out in the main reception and all wear identification badges and report to the Premises Manager, except where work has been placed through a main contractor who maintains his own staff control responsibility. All contractors working on site must be competent and have adequate insurance cover evidence of which will be confirmed prior to placement of the contract. The Premises Manager will liaise with any contractors on all aspects of Health and Safety. The school will ensure that contractors will work in the holidays when pupils are not present, and will be supervised if emergency work requires them to be on the premises during term time as per KCSIE 2018 guidelines.

3. Curriculum Safety [including out of school learning activity/study support]

All outings / activities require a written risk assessment to be carried out prior to the activity and a copy to be given to the Headmistress. Other regular activities such as swimming, PE, D&T, F & N, ART and Science all have their own Health and Safety sections in their handbooks and carry out risk assessments accordingly. These need to be reviewed annually and stored on the shared drive.

4. Drugs & Medications

All medicines are kept in a locked cabinet and are administered by qualified staff. Medicines may be handed to reception for administering during the day but parents are told to ensure they have completed the appropriate form to accompany the medicine. (See Supporting Pupils with Medical Needs guidelines).

5. Educational Visits

There is a separate policy for Educational Visits and Trips. The Heads of School are responsible for appointing a School Visits Co-ordinator.

6. Electrical Equipment [fixed & portable]

Portable testing is undertaken annually by an outside company and a record of inspection is provided. Staff and pupils are requested not to bring any personal equipment into school. Defective items are banned/removed. Fixed electrical testing is undertaken every five years by an outside contractor who will provide electrical safety certificates and a list of any work that is required.

7. Fire Precautions & Procedures [and other emergencies incl. bomb threats]

The fire risk assessment has been written in consultation with an external consultant. All pupils have a fire drill once a term. The Fire alarm is tested once per week at 4.00 pm on Fridays. Staff are reminded once a term to check that they are clear about emergency procedures and to remind the children, who are also reminded in science lessons at the start of each term.

8. First Aid

The names of appointed first aid staff are displayed in each staff room. For the location of the first aid boxes please see the Supporting Pupils with Medical Needs Policy. Any **APPOINTED FIRST AID** person may summon an ambulance if it is deemed necessary. Where possible staff transporting a pupil to hospital should be accompanied by a first aider or appointed person to look after the casualty; it may be safer to use a taxi or to call an ambulance. A parent will be contacted as soon as is possible. The Senior Teacher is responsible for organising the training / retraining of first aiders – see Appendix 1.

9. Glass & Glazing

The Estates Manager is responsible for ensuring that all new glass is of safety standard. All glass situated below the stipulated regulatory height is of an approved safety standard.

10. Hazardous Substances (COSHH and CLEAPSS)

All hazardous substances must be kept in a safe place or locked away so that unauthorised persons may not gain access to them. All hazardous substances must be used in accordance with the instructions for safe usage. Protective garments must be worn when necessary. Hazard cards are available in the Science, D&T and Art departments.

11. HIV guidelines for all employees

Protect yourself and others. If you have any cuts or abrasions these should be kept covered while at work. Please use gloves at all times when dealing with medical emergencies.

12. Housekeeping, cleaning & waste disposal

The Estates Manager in conjunction with the Premises Managers are responsible for ensuring that the premises are kept clean and that wet floor cleaning takes place at times when children are less likely to be using the wet area. Cleaning staff have access to warning notices which they display. Sharp objects are disposed of safely by the Premises Manager. To avoid becoming a fire risk waste bins are located at a safe distance from the main building.

13. Handling & Lifting including Hoists and Slings

Manual handling undertaken for PE equipment is covered in the PE department handbook. All other manual handling is the responsibility of the Premises Manager and his staff and is kept to a minimum. Any essential manual handling should be risk assessed. All hoists and slings have a six month inspection.

14. Infectious diseases

Children who are unwell with a communicable disease should not be at school. They should not return until the risk of infection being transmitted to others has passed. A doctor's letter may be required to indicate it is safe for the child to return to school. If the child has a disease that could be harmful to an unborn baby the expectant mother will be advised to seek expert medical advice. Such diseases include chicken pox, German measles (rubella), slapped cheek disease (parvovirus B19) and measles.

15. Insurance

Premises and vehicle insurances are reviewed annually.

16. Jewellery

Jewellery is limited to a cross and chain, a watch and one stud earring per lobe. Nose and other body piercings are not permissible. All must be removed/taped over (earrings) for PE.

17. Lettings/shared use of premises

Whenever the premises/part of the premises is hired, a formal booking agreement that sets out conditions of hire is agreed and signed with the third party.

18. Lone Working

All members of the maintenance team carry a mobile phone in order that they can be contacted / can call for assistance when required. The Premises Manager is responsible for deciding if a job requires one or more people. Teaching staff who work alone in school during the holidays must ensure that one of the community is aware that they are on site. All staff must leave the premises by 6pm

24. Machinery & Plant Rooms

No untrained employee is allowed to operate any dangerous machinery. No employee under 18 years of age may clean or operate machinery. Any items of equipment which could prove dangerous to children should be kept secure e.g. certain equipment used by gardeners, the maintenance team etc. Protective clothing and goggles must be worn when appropriate. Plant Rooms are restricted to the Premises Teams and competent contractors.

25. Maintenance / Inspection of Equipment

All electrical equipment is PAT tested by an external contractor. Garden machinery is serviced annually by external specialists.

All science/DT/PE/Art equipment is maintained in good working order and any problems notified immediately.

Fire alarms are checked weekly by the Premises Manager and emergency lights are checked on a cyclical rota. These are checked annually by the approved specialist contractor.

Fire extinguishers are checked annually by an appointed specialist maintenance contractor.

Fume cupboards are inspected annually.

26. Personal Protective Equipment (PPE)

Personal Protective Equipment is provided for all pupils and staff involved in Science/DT/Art/Food & Nutrition. Masks for use by maintenance team when sawing MDF/other similar materials goggles, masks, steel toed shoes and protective trousers are available for use when strimming. Gloves/gauntlets are available for heavy duty work/gardening and hi-visibility jackets for staff on car park duty.

27. Playground Safety

The Heads of School are responsible for staffing duty rotas to ensure pupil/staff ratio is adhered too. Staff are instructed and trained in emergency procedures. The maintenance of features and play equipment and inspections of the grounds is the responsibility of the Premises Manager.

28. Poisonous berries

Pupils are instructed by their teachers about any dangers. If a pupil ingests poisonous berries, contact NHS 111 for advice or if serious concerns contact the emergency services straight away.

29. Reporting Defects

Any hazard which staff or pupils consider to be a H&S risk should be entered in the book provided in the school office.

30. Risk Assessments

Risk assessments for academic activities are monitored by the Heads of School.

31. School Transport

All staff who drive school minibuses must complete a minibus evaluation test. In addition all minibuses are provided with a mobile telephone but drivers may not use them once they are driving. Staff are asked to avoid situations in regard to taking pupils own on their own or in their own cars. As a guide, these journeys should only take place in an emergency and must be authorised by the Headmistress.

32. Smoking

Smoking is not permitted anywhere on the grounds or within the school buildings.

33. Staff Consultation

Staff are reminded at full staff meetings (once per half term) that it is their responsibility to report Health and Safety problems and to familiarize themselves with evacuation procedures.

34. Staff Health & Safety Training and Development

Staff are briefed about Health and Safety arrangements during the course of their induction day and are told where to access copies of the relevant policies.

35. Staff Well-being / Stress

The Heads of School operate an open door policy and will offer a listening ear at all times to any staff problems either professional or personal. The Solent Academies Trust also has a dedicated Personnel Department. The school also operates a staff wellbeing programme.

36. Supervision [including out of school learning activity/study support]

Staff are expected to arrive at lessons on time and not leave classes unattended. There is an agreed ratio for school trips in the school educational visits and trips policy. Pupils are instructed that they must not use any equipment until there is a member of staff present. There are staff on duty at morning break and lunch break. The school building has an adult on site at all times.

37. Swimming Pool and Hydrotherapy Operating Procedures

Health and Safety of pupils in the hydrotherapy/swimming pool is covered by the Swimming Pool Operating Procedures as well as in the PE department policy. The Premises Managers should be contacted if there is a problem with the pool water quality/maintenance. All staff taking swimming lessons have the appropriate swimming certificate and lifeguarding skills.

Organisations who hire the pool must have a trained life-guard with them and should leave the pool in the state as they found it. Staff who swim must not swim alone.

38. Use of VDU's/Computer Screens

For those staff that use VDU's/Computer Screens on a regular basis through their role within the school, must ensure that they do take regular breaks when constantly at a work station. Natural breaks such as tea breaks and lunch are normally sufficient, however any health concerns should be reported to their line manager.

39. Vehicles on Site

The car park is marked with walkways and pick-up/set-down areas and must be kept clear for home to school transport.

An adult is on duty at the busiest time of the evening. Minibuses are parked away from the main entrance in order to avoid congestion.

Catering deliveries must arrive before 8am or between 9:15am and 2.30 pm.

40. Violence to Staff / School Security

The front doors are operated with a school security system. Entrance for staff is with lanyards, all other visitors have to be granted access.

All visitors should report to the front door where they sign in and are issued with a visitor's badge. Visitors without a badge should be challenged by staff. All staff have staff badges which they should wear at all times. The maintenance team wear personalised uniforms.

41. Visitors

All visitors to the school must sign in and out at Reception and must be escorted throughout the building.

42. Working at Height

The maintenance team has training in working at height and checks all access equipment annually. Staff may only work at height if all the regulations are followed. Ladders may not be left unattended. Pupils may not use ladders or any other access equipment unless instructed to do so by a member of staff once a full risk assessment has been carried out.

43. Work Experience

Some students undertake work experience and they must complete a work experience form and then the potential employer completes form IF which covers a declaration on their type of insurance and an agreement of compliance with health and safety legislation and form RAF, a risk assessment form. All placements are known to parents/staff and many are used each year. Pre-visit inspections are carried out where necessary. Students participate in preparatory sessions before they undertake the work experience including a health and safety session. Students are monitored whilst on work placement and where possible are visited during the week. Staff are asked to monitor and check all H& S guidelines are being followed when they have contact with the employer. Throughout the placement our Senior Teacher is available if the students have any concerns. The students also have an opportunity to evaluate their experience. For students on work placement at Solent Academies Trust there is a brief induction session with the Heads of School to cover H&S items and the student is supervised by that member of staff throughout the placement.
